Recruitment Update

134

participants randomised

Our January recruitment updates!

A total of 3 participants were randomised.

Well done to this month's recruiting sites:

UCLH (2)
Imperial (1)

We also had consents from:

Norwich (2)
UCLH (1)
Cambridge (1)

IMPORTANT

All Sites Meeting

This is just a quick message to thank you for your attendance at the meeting earlier this week. We had a great turn out and some great discussions too. We have circulated the recording and the slides from the meeting.

SIV Training Slides

The training slides have recently been updated to align with the newly amended Protocol V4.0, 01Oct2024. These were also circulated to sites earlier this week.

Please use training slides V2.0, 13Jan2025 to train staff at sites.

Local Portfolio Management System (LPMS)

This is just a quick reminder to please keep your LPMS and/or alternative platform(s) (e.g. Edge) records up-to-date with monthly consents and randomisation entries. This would really be appreciated!

Social media

Please could we ask you, amongst your sites, to do a social media share of our Instagram page on any of your local site newsletters, site social media pages and amongst clinic waiting rooms. We would really appreciate it!
